

CAPE MEDICAL SUPPLY

INNOVATING PATIENT CARE

PAP Supplies Replacement Schedule

This schedule represents an approximation of when Medicare and many insurance companies will cover replacement supplies, assuming the supplies you have are no longer usable. For more detailed information on your specific insurance companies coverage criteria we suggest you call the number on your insurance card.

Please note, orders are subject to insurance verification of eligibility and depending on your insurance plan there may be an amount due as a result of a copayment, deductible or other cost sharing mandated by your insurance company or plan.
